

#### A BUYER'S GUIDE TO RESTAURANT POS SYSTEM

[Free Comparison Tool]

# Are you facing these troubles in your restaurant management

- To and fro in online and in-house orders
- Complex billing
- Can't track real-time inventory usage
- Mismanaged staff and shifts

Then, it is right time to get a restaurant POS software for your business.

#### **AND**

If you're already using a restaurant POS system, then you should consider changing it.

But, how to find the **RIGHT** one?

## How to find the right restaurant POS

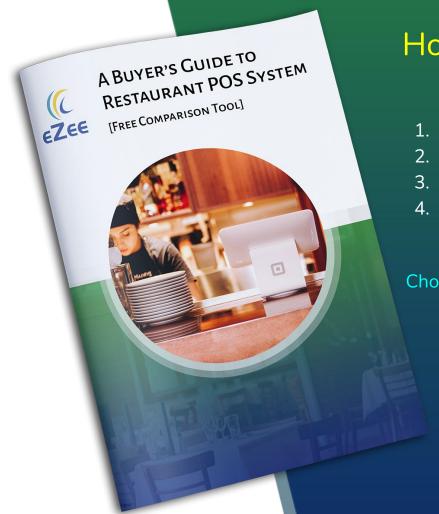

Don't get confused by a bunch of other restaurant software.

Remember, popular is not RIGHT. Even expensive is not RIGHT.

Rather, the one that meets all your requirements is RIGHT.

This buyer's guide will help you find the right restaurant POS.

### How to use this guide

- 1. List down your requirements
- 2. Try different restaurant POS systems
- 3. Compare their features using this buyer's guide
- 4. Based on comparison, evaluate the restaurant POS that fits your needs.

Choose nothing but the BEST. The RIGHT.

Here's a comprehensive checklist to consider before selecting a restaurant software.

| Category   | Benefits   | eZee Optimus                           | Other Vendor |
|--|--|--|--------------|
